

SAISA Intersectional Regatta

Location: Lake Norman Yacht Club

Host: Lake Norman High School, Mooresville, NC

Six Teams registered to sail in this single division event. We had one brand new team attend – SouthLake Christian from Charlotte, NC, we look forward to this team traveling the HS circuit next year. Weather stayed consistent with 50 degree temperatures and 10 knots of wind. Six back to back races were run within 2 hours. Since this was a one division regatta, the PRO determined that we would have lunch on shore to allow the sailor’s time to warm up and enjoy some social time. After the 45 minute break the teams headed back out on the water to finish the last six races of the day. The day concluded with four of the six teams meeting at a local restaurant for dinner to talk about their strategies on the water.

Congratulations to Wakefield High School who won this event and will be traveling to the Great Oaks next fall.

Final Results:

1st Place – Wakefield High School – RTP – 17 Points
